

BAY OF PLENTY DISTRICT HEALTH BOARD

Election of seven (7) Members

Dave MARRIOTT

Rutherford said ‘we have no money – therefore we have to think’. Increasing expectations for health services, places pressures on accountability, allocation and prioritisation of spending, efficiency, affordability, social equity and ethics, and public confidence.

I bring an understanding of large entity best practice governance and a particular interest in the efficient provision of health services. I am familiar with decision making in complex environments, particularly those which balance social needs against financial/legislative constraints. I have previous experience in provision of contracted services to DHBs.

I am an independent business consultant with a background in governance and organizational performance.

Previously a CCMAU advisor to ministers on performance of Crown entities, I hold professional qualifications in management, governance, strategy and technology.

I am a member of the NZ Institute of Directors, the DHB Clinical School Advisory Committee and the Population Ageing Technical Advisory Group.

Please call – 07-544-0666 Tauranga.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Bay of Plenty District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the District Health Board, and I do not believe that any such conflicts of interest are likely to arise in future
