

The purpose of this survey is to get feedback from you, as a student who has completed a placement through the Bay of Plenty District Health Board (BOPDHB) Clinical School, about your level of satisfaction with your learning experience. Your supervisor will not see your feedback – it will be used by Clinical School administrative staff only to help us identify how we can improve the student placement experience for future students. It should take less than ten minutes of your time to complete.

 Name (optional)

 University/Polytechnic

 Department/Area of Placement
