HE RITENGA

TREATY OF WAITANGI PRINCIPLES HEALTH AUDIT FRAMEWORK

BAY OF PLENTY
DISTRICT HEALTH BOARD
HAUORA A TOI

Maori Health Planning and Funding Team

APRIL 2004
**DESIGN:**

The Mangopare represents strength, health and well being.
The two Manaia represents the balance and unity between Tane and Wahine.
The Kape Rua represents the importance of ensuring the needs of Maori are addressed.
The Main Theme is Waiora, with specific acknowledgement to the cleansing and healing properties of water, and how such properties are a korowai for Maori Health.

*Designed by Bay of Plenty Carver and Ta Moko Artist - Jason Porter (Nga Puhi, Ngaiterangi).*

**Disclaimer: Intellectual Property Rights**

The views expressed in these documents are those of the authors and remain the intellectual property of the Bay of Plenty District Health. No part of these documents may be reproduced, stored or transmitted without acknowledgment of the author.
How ‘He Ritenga – Treaty of Waitangi Principles: Health Audit Framework’ is used

He Ritenga - Treaty of Waitangi Principles: Health Audit Framework has been designed to provide services and organisations with the mechanisms to implement the Treaty of Waitangi, He Korowai Oranga and Whakatataka into the overall governance, planning and delivery of a service and/or organisation.

Complimentary to the development of He Ritenga - Treaty of Waitangi Principles: Health Audit Framework is the development of the Tangata Whenua Determinants of Health Framework by the BOPDHB Maori Health Runanga.

The Audit Tool sets out the ‘Outcome’, ‘Standard’ and the ‘Criteria required to achieve this outcome’.

A variety of data gathering techniques can be used to gain the evidence including interviews with key informants, visual inspections and documentation reviews. Evidence of achievement is recorded in the ‘How is achievement of this outcome demonstrated? Attainment Level for each criteria is assessed and recoded.

<table>
<thead>
<tr>
<th>Attainment Level</th>
<th>Interpretation</th>
</tr>
</thead>
<tbody>
<tr>
<td>CL</td>
<td>Continuous Improvement</td>
</tr>
<tr>
<td></td>
<td>Having fully attained the criteria the service can in addition clearly demonstrate a review process including analysis and reporting of findings, evidence of action taken based on those findings, and improvements to service provision and consumer safety, or satisfaction as a result of the review process.</td>
</tr>
<tr>
<td>FA</td>
<td>Fully Attained</td>
</tr>
<tr>
<td></td>
<td>The service can clearly demonstrate implementation (practice evidence, training, records, visual evidence etc) of the process, systems or structures in order to meet the required outcome of the criterion</td>
</tr>
<tr>
<td>PA</td>
<td>Partially Attained</td>
</tr>
<tr>
<td></td>
<td>1. There is evidence of appropriate process (policy/procedure/guidelines etc), systems or structure implantation without the required supporting documentation.</td>
</tr>
<tr>
<td></td>
<td>2. Or a documented process (policy/procedure/guidelines etc), system or structure is evident but the organisation or service is unable to demonstrate implementation where this is required.</td>
</tr>
<tr>
<td>UA</td>
<td>Unattained</td>
</tr>
<tr>
<td></td>
<td>The organisation or service is unable to demonstrate appropriate processes, systems or structure to meet the required outcome of the criterion.</td>
</tr>
</tbody>
</table>

Risk Assessment

This process identifies the degree of risk to the attainment of Maori Health gain associated with the level of attainment by the service for each criterion. The risk is assessed in relation to the possible impact based on the consequences and likelihood as a result of the criterion not being fully implemented. A risk rating is only assigned when the result for any individual criterion is partially attained (PA) or unattained (UA).
Standard: PARTNERSHIP Working together with Whanau, Hapu and Iwi and Maori communities to develop strategies for Maori health gain and appropriate health and disability services.

### He Korowai Oranga: Pathway 1 Outcome – Development of Whanau, Hapu, Iwi and Maori communities

Endnote

1 The Tangata Whenua Determinants of Health Framework;

- Provides broad guidelines based on agreed hapu, iwi identified values and principles that will assist in achieving the shared vision for Toiora (health and well being).

- Stands separately from the He Ritenga - Treaty of Waitangi Principles: Health Audit Framework Tool, acknowledging that both must interface and operate in a complimentary way.

- Developed by the BOPDHB Maori Health Runanga in the role of kaitiaki/ stewardship who have the intellectual property for the development of the Tangata Whenua Determinants of Health Framework, on behalf of the Iwi.

2 Maori Health Runanga is

- An established Treaty-based partnership with the Bay of Plenty District Health Board and made up of 18 mandated Iwi representatives.

- Provides strategic leadership, direction and advice to the Bay of Plenty District Health Board on Maori Health at a governance level;

- The principle vehicle through which the Bay of Plenty District Health Board consults with whanau, hapu and Iwi.
